

Enabling People to Live Life to the Fullest

ActivTec Solutions believes every child has the right to a great education regardless of their personal circumstances. We service the health care industry by maintaining and repairing medical and mobility equipment. We also provide our services to the Education sector, including a number of special needs schools across the country.

If your school does not have a contractor in place to maintain your medical equipment, or if you would like a second opinion please contact us to see how we can help.

Ensure you are getting the best from your medical maintenance provider with our free audit of your maintenance schedules.

ActivTec Solutions are offering to visit your school and provide a **complementary** audit of your medical maintenance program so that we can show you how much money you could save by switching to us.

Some of the equipment we can service:

- Floor and Ceiling Hoists
- Medical Beds
- Manual and Power Wheelchairs
- Mobility and Manual Handling Equipment

We have worked with 50+ special needs schools, including:

- Goodna Special School
- Geebung Special School
- Croydon Special Development School
- Woody Point Special School
- Logan City Specialist School
- Bendigo Special Development School
- Glenroy Special School
- Mitchelton Special School
